

# Financial support for the schools

## Small Grants Program

### Objective of the small grants program

To support the implementation of student activities and initiatives that promote interethnic cohesion and cooperation, civic culture and democratic behavior among youth

### Types of activities that may be implemented within this program

Activities within the regular curriculum: joint lessons in different subjects, project activities

Extra-curricular activities: work in student clubs, sports activities, debates, creative workshops, visits, celebrations, outings, visits to institutions at local and national level

### The grant funds are used for the purchase of:

Consumable materials (cardboard paper, flip-chart paper, markers, etc.)

Sports equipment (balls, sports jerseys, cones, hoops, etc.)

Food and refreshment for the students

Transport of the students

### Amount of the grant

MKD 30,000 per school

## Application Steps

1

The schools form a team that will fill in the application and appoints a person in charge of the administration of the grant

3

The scanned filled in application is sent electronically to the YEI Project

2

The team plans the activities that it wishes to implement and fills in the application

4

The received applications are evaluated by a Grant Approval Commission

5

Implementation of the approved activities from the application
